Subject: PSPAP v. 2.0 Workshop update

All,

Thanks again for agreeing to participate in the Pallid Sturgeon Population Assessment Project v. 2.0 workshop next Tuesday March 21. A couple of reminders:

- We will start at 8:30 am in the Steinhart A&B room at the Lied Center. The general agenda follows.
- Reading materials are available at ftp://ftpext.usgs.gov/pub/cr/mo/columbia/Jacobson/PSPAPv2.0_Workshop/.
- You will be receiving a Google survey later this week from Mike Colvin. The survey will ask for detailed logistical information about sampling under PSPAP, HAMP, and research studies. Please fill in to the best of your ability; this information will help us jumpstart the logistics discussion.

The workshop participants have been selected based on the required range of expertise needed to inform the design process. We have designated 10 participants as agency observers and about 30 participants as subject-matter experts. (This is not to say that observers are not experts, but they will be acting in the observer role). We are requesting that the subject-matter experts leave agency and policy perspectives to the side and act in the workshop solely as scientists. The observers will be asked to provide agency and policy perspectives. The observers are: Shattuck (Montana), Longhenry (South Dakota), Steffensen or Huenemann (Nebraska), Hupfeld (Iowa), Whiteman (Missouri), Williams & Fleming (USACE), Kruse & Goeckler & Nelson-Stastny (USFWS).

We have limited phone-in and webex for those who cannot make the meeting. Please email me if you need to participate by phone and webex.

The agenda, in brief:

Start	End	Duration	Short description
8:30	9:00	0:30	Objectives, deliverables of workshop
9:00	9:15	0:15	US Army Corps pallid sturgeon monitoring objectives under the MRRP
9:15	9:30	0:15	US Fish and Wildlife Service pallid sturgeon monitoring objectives under the MRRP
9:30	10:00	0:30	State agency perspectives on pallid sturgeon monitoring objectives under the MRRP
10:00	10:15	0:15	Break
10:15	10:45	0:30	PSPAP within the MRRP & MRSAMP context.
10:45	11:30	0:45	Develop, prioritize PSPAP v.2.0 sub objectives, ancillary sub objectives
11:30	12:30	1:00	Lunch - on your own
12:30	14:30	2:00	Develop information priorities
14:30	14:45	0:15	Break
14:45	16:45	2:00	Understanding logistics and information costs
16:45	17:15	0:30	Observers comments on workshop
17:15	17:30	0:15	Wrap up, next steps

Please email if you have any questions. We look forward to a productive workshop on this important topic.

On behalf of the Effects Analysis team,

Robb Jacobson
